will be protected in a particular manner. The complaint is that only one aspect is insisted upon and the second aspect is not considered; and that it is one way.

Sri S. M. KRISHNA.—If there is a complaint we will certainly look into it.

ಶ್ರೀ ಎಸ್. ಎಂ. ಶೀರನಾಳಿ ಚಂದ್ರಶೇಖರ್.—ಮೇನೇಜ್‌ಮೆಂಟ್‌ನವರು ಏನಾದರೂ ಕರಾರು ಪತ್ರಗಳನ್ನು ಬರೆಸಿಕೊಳ್ಳುವ ವಿಚಾರದಲ್ಲಿ ಕೆಲವರ ಬಗ್ಗೆ ಲಿಬರಲ್ ಆದ ನೀತಿಯನ್ನು ಹಾಕಿಕೊಂಡಿದ್ದಾರೆ, ತಮಗೆ ಅವರ ಮೇಲೆ ಸೂಕ್ತ ಕಾರ್ಯಕ್ರಮ ತೆಗೆದುಕೊಳ್ಳತಕ್ಕಂಥ ಪರಿಮಿತಿ ಏನಾದರೂ ಇದೆಯೇ ?

DRINKING WATER TO DAVANGERE CITY FROM BHADRA CANAL.

81. Sri N. G. HALAPPA (Channagiri).-

Will the Minister for Munipical Administration be pleased to state :—

(*a*) whether the Government has approved a plan to draw water from Bhadra Canal to supply it to Davangere City for drinking purposes;

(*b*) if so, whether there is any proposal to reconsider the plan;

(*c*) whether the Government is aware that the Achkatdars in Davangere and Harihar taluks would be affected by this plan; if so, the extent of achkat that would be affected;

(*d*) whether the Achkatdars of Harihar and Harpanahalli Taluks are agitating since long as they are not supplied with required quantity of water;

(*e*) whether Government has advised the Davangere Municipality to draw water from the river Tungabhadra at Harihar by having one more pipe-line ?

Sri B. BASAVALINGAPPA (Minister for Municipal Administration).—

(*a*) Yes.

(*b*) No.

(*c*) The quantity of water required for drinking is quite meagre as compared to the requirement of irrigation. Drawal of water from canal for water supply is not likely to affect the achkatdars adversely.

(*d*) Yes.

(*e*) No.

Sri N. G. HALAPPA.—I would like to submit that my question is very much mutilated. In (c) I have put a specific question asking for the extent of land that would be affected by the scheme to draw water from Bhadra Canal; but the Minister is not very particular of answering that specific question; he has simply answered that drawal of water from the canal for water supply is not likely to adversely affect the Achkatdars. I want to know from him the extent of Atchkat that would be affected by drawing water from Bhadra Canal and the capacity of the Canal in terms of Cusecs and what would be the quantity of water that would be drawn under this Scheme?

†Sri B. BASAVALINGAPPA.—Madam Speaker, I have already stated that only 6 Cusecs of water are utilised for drinking water purposes. Then the question that has been put by the Hon'ble Member, namely, what is the extent of land that would be irrigated by 6 Cusecs of water, will have to be put to the Hon'ble Minister for Public Works.

Sri N. G. HALAPPA.—Since Davanagere is a fast-growing City and a City Municipality and since Government has a plan to draw water from Bhadra Canal for drinking purposes, would it not be advisable to have one more pipe line to draw water from Tunga Bhadra instead of affected the interests of the Achkatdars?

Sri B. BASAVALINGAPPA.—There is a water pipeline already existing for years. That is being utilised to draw water from Tungabhadra water resources. This is a new scheme that is sanctioned by the Government at a cost of Rs. 54 lakhs. The work is also being completed. At present we are not thinking of drawing another line from Tungabhadra.

Sri N. G. HALAPPA.—May I know if legal opinion is taken in this matter because we are drawing water for a different purpose adversely affecting the achkatdars and thereby diminishing the rights of the achkatdars?

Sri B. BASAVALINGAPPA.—I shall make one point clear. Let not my Hon'ble Friend suffer under the impression that no water would be drawn from the Canals which are meant for irrigation purposes. Drinking water is more essential than the irrigation water. Wherever we do not get water for drinking, we have to draw water from river canals for drinking water purposes. For example, in Hubli-Dharwar, we have to go in for irrigation water. We cannot draw a demarcating line between drinking water and irrigation water in utilising water from a Canal.

ಶ್ರೀ ಕಾಗೋಡು ತಿಮ್ಮಪ್ಪ.—6 ಕ್ಯೂಸೆಕ್ಕ್‌ನಷ್ಟು ನೀರನ್ನು ತೆಗೆದುಕೊಳ್ಳಬಹುದು ಎಂದು ಹೇಳಿದಿರಿ. ಎಷ್ಟು ಕ್ಯೂಸೆಕ್ಕ್‌ನಷ್ಟು ನೀರು ಹೆಚ್ಚಾಗಿ ಸಿಗುತ್ತದೆ ಎಂಬುದನ್ನು ಎನಾದರೂ ವಿಚಾರ ಮಾಡಿದ್ದೀರಾ?

Sri B. BASAVALINGAPPA.—Government has not received any tangible complaint that this 6 cusecs of water would affect the achkatdars.

Sri N. G. HALAPPA.—Since the Government considers that the quantity of water required from the Canal for Davanagere City is meagre, and since there is scarcity of drinking water in Channagiri, will Government supply water from this Canal to Channagiri also ?

Sri B. BASAVALINGAPPA.—Although this supplementary does not pertain to this Question, I would like to answer that Channagiri Municipality has requested Government to draw water from irrigation canals. My friend who is so much interested in achkatdars and who objected to drawing water from irrigation canals for drinking, now wants that some water which he considers negligible, could be drawn from the Canal to Channagiri ! Any way, that is being examined.

ಶ್ರೀ ಕೆ. ಎಚ್. ಹನುಮೇಗೌಡ: ಪ್ರತಿ ವರ್ಷ ಎಷ್ಟು ಜನ ಕಲಾವಿದರಿಗೆ ಸ್ಕಾಲರ್‌ಷಿಪ್ ಕೊಡುತ್ತಿದ್ದೀರಿ. ಇದರಿಂದ ಸರ್ಕಾರಕ್ಕೆ ವರ್ಷ ಒಂದಕ್ಕೆ ಎಷ್ಟು ಖರ್ಚು ಬರುತ್ತದೆ ?

ಶ್ರೀ ಎ. ಆರ್. ಬದರೀನಾರಾಯಣ: ಮೊದಲು ವರ್ಷಕ್ಕೊಂದಕ್ಕೆ ಎಂಬುದು ವಿದ್ಯಾರ್ಥಿವೇತನಗಳನ್ನು ಕೊಡಲಾಗುತ್ತಿತ್ತು. ಈಗ ನಾಲ್ಕು ವಿದ್ಯಾರ್ಥಿವೇತನಗಳನ್ನು ಕೊಡುತ್ತಿದ್ದೇವೆ ತಿಂಗಳಿಗೆ ಒಬ್ಬರಿಗೆ 120 ರೂಪಾಯಿಗಳ ಪ್ರಕಾರ ಕೊಡುತ್ತಿದ್ದೇವೆ.

ಶ್ರೀ ಎ. ಆರ್. ಬದರೀನಾರಾಯಣ.—ಇಲ್ಲಿ ಪ್ರಶ್ನೆ ಇರತಕ್ಕಂಥದ್ದು ವಿದ್ಯಾರ್ಥಿವೇತನಕ್ಕೆ ಸಂಬಂಧಪಟ್ಟಂತೆ. ಆದ್ದರಿಂದ ಮಾನ್ಯ ಸದಸ್ಯರು ಕೇಳಿದ ವಿವರಗಳು ನನ್ನ ಹತ್ತಿರ ಇಲ್ಲ.
